## President's report A.K.A.

# The Thomson Tribune

Wow, can you actually believe that it's December already? What the heck happened to 2023? Like, Poof! It's gone. It seems like we were just all hanging out in Anaconda, and now we're shoveling snow. Well, sort of. Haven't gotten a lot of the fluffy white stuff yet, for which I'm very thankful! I really dislike shoveling. I'd go far enough to say there are probably still some of our cars being used these days, as the roads are not completely messed up yet! We even had a 68 Fastback show up to the Christmas mixer last night! Well done Bob!

Regarding the Christmas mixer and AGM, it was again a great success! The auditorium at the Legion provided plenty of room, and the Xmas décor added that touch of ambiance to provide a good kick off to the holiday season. Would really like to thank Amanda for all her planning, preparation, shopping, wrapping, and hosting to ensure the evening went off without a hitch! It was an impressive site, and it appeared that everyone had an excellent time. Hats off to Jim Bateman as the past president for leading the charge on the elections and nominations. While the executive did remain mostly unchanged, there were a couple of changes to the portfolios. Kevin Nelson has joined the team as Special Events director to replace Gary Chomiak, allowing Gary to take on the role of apparel director which was vacated earlier this year. For only the second

time in my weak memory, we did have to conduct a vote as we had two nominations for the apparel position. Many thanks to Donna Bond for throwing her name into the hat, your dedication is very much appreciated, and did not go unnoticed! I see a Nomitold in your future hahah! Oh, and Amanda Butterworth, you make damn good cookies! Thanks again so much! Kevin Nelson graciously offered to take the food and cash donations to the veterans' food bank on our behalf, which I was remember was a really impressive amount, although the exact figure escapes me this morning. Good on everyone, and thanks again Kevin!

So, like I mentioned, 2023 is almost behind us but that's a good thing, as that means here comes 2024! As we all know already, next year is going to be hectic one with so many huge milestones coming. I know we have talked about it all endlessly already, but it is truly significant! Even if it had been master planned that way since 1964, 1980, and 1985 (first presidential S+S?) so that the 40<sup>th</sup>, 45<sup>th</sup>, and 60<sup>th</sup> all fell on the same year in 2024, we all know Covid would have messed it up! One significant change is coming for the 40<sup>th</sup> Presidential this summer with the date moving further into the summer so June rains will not be as much of a factor. The new date will be July 20<sup>th</sup> and will fall on the weekend after the greatest outdoor show on earth, and once again will be hosted in Legacy Town-

ship. In preparation for the IMM judged show, we will be going back to classes for the 40<sup>th</sup> version of the Presidential, with some special awards thrown in as well. This means we're going need a bunch of volunteer parkers, and we can all practice before we're inundated with 500 cars at the IMM! As always, we welcome any new, fresh ideas for the Presidential or any event for that matter. Send us an email or a text! This one is going to be epic!

IMM. We all know it's coming, and it's going to be here faster than you can imagine! I won't rain on Cindy's parade by spewing forth deets etc, but I will let you know that it's going very well! With already over 80% of the banquet tickets sold, if you haven't gotten yours by now, you better do so soon! I have been negligent in this matter (shame shame!) but will get them soon! Say, anyone want to buy my Fox? Lol

Once again referring to the December 1<sup>st</sup> thing, there is one definite positive that I take solace in during these dark and dreary days, and that's the fact that in a mere 20 days the winter solstice will arrive, and the days will start getting longer! Come on Spring!

Happy holidays to everyone, and to all a good night!

*Scott*

## Alberta Mustangs Auto Club on Instagram!

Hey everyone, I am looking for submissions for the club Instagram account. Looking for photos of members cars at shows, or just out and about. If you have a story to go with it great, if not, no worries. The intent is to start a recurring, year round digital car show that shows off our members cars. Multiple submissions are welcome, though only one car will be posted at a time. I am also willing to meet up to take new photos if someone is looking to get some new ones for this summer. Please send submissions to [abmustang-social@gmail.com](mailto:abmustang-social@gmail.com). Instagram account can be found at <https://www.instagram.com/abmustangsocial/>

# IMM Calgary Update

Hey Legends,

IMM45 is creeping towards us! Your IMM Committee has been hard at work, as we are now only months away from our show.

To date we have 223 cars registered! Banquet tickets are the hot commodity, we are over 80% sold. If you want banquet tickets you should get registered as soon as possible as we do have a limit based on the event centre size. Also make sure to get your tickets to the 60's Stay Groovy party, break out those bell bottoms and come celebrate the decade that brought us our favorite pony car, it's looking like this will sell out as well. Amanda has some really fantastic ideas for our parties, you don't want to miss any of them!

For those who need hotels rooms, there are still rooms at the secondary hotel, the Surestay Plus by Best Western.

We want to once again thank the sponsors that have stepped up so far, these include Metro Ford, Lakeview Automotive, The Mustang Shop, Dale Adams, Western Motor Sports, Legacy Speed & Body, Wright Restyling, Napa and Lift King. Randall and his team, Gary, Lionel & Kevin have done really great work here!

Gary & Jim continue to work on the show site layout, car classes, vendor spots etc. We currently have 68 car classes, these will change as registrations come in, as we will not keep a class for only a few cars. Would be so fantastic to cover every single year the Mustang was produced wouldn't it?

Vince Stevens is leading the team for our Sunday cruises, so he will be looking for helpers in the new year. A full list of all volunteer positions will be shared in late spring.

I will try and keep everyone updated and informed! Look for us on FB at **International Mustang Meet 45**. If you have questions please email us at [imm45calgary@shaw.ca](mailto:imm45calgary@shaw.ca)

**1995 Ford Mustang GT Coupe, manual transmission, Red exterior**, Grey interior. Some mods including **Cobra R wheels** and **Baer brakes**. Will need tires, brakes, and all fluids for sure and a good detail job, as the car hasn't been started for at least 2 years. Contact Dale Adams at (403) 777-4777 .

## **SEARCHING FOR:**

Looking for a **64 1/2 - 68 Mustang Notchback in restorable condition**. **Not** looking for one that is already restored. What car might you have? Contact Mac at (403) 991-7757 or [mac.boyle@me.com](mailto:mac.boyle@me.com) .

**1968 Mustang Coupe** - trying to locate my old 68 Mustang GT Coupe, Blue with Blue interior, 390 S-code, 4 -speed. I sold it in Calgary in 1981. I am not looking to buy it, just asking for info on where it is now. Thanks. Contact Tom, email [nascarm Mercury@hotmail.com](mailto:nascarm Mercury@hotmail.com).

Looking for owners of a **1971 Green Ford Mustang Mach 1** - Last known sale by Larry Alfred Joevenazzo (Calgary) I'm trying to locate the current owners of the car to either buy it if it's unrestored or give away all the original documentation tied to the car. My dad was the original owner, went to SALT and had a best friend who bought his car around 1984. Rally-racing Green exterior with green interior. Well unfortunately Larry sold my dad's vehicle to someone else before making his final payments. No, I'm not looking for the money. Larry committed suicide shortly thereafter and well it was just left at that. He was my dad's best man. The car hasn't been registered in a long time and I've always wanted to locate the Mustang. It had a 351 Cleveland engine. My dad bought it brand new in Salt Lake City, Utah, USA. I have all the original factory documentation. If I could find it and buy it to restore for my dad, great. If it's already restored, then I have all the incredible documentation and tags and would give to the current owner. The VIN starts with 1F05M22xxxx. Please email
