

ALBERTA MUSTANGS AUTO CLUB

the MUSTANGER

APRIL 2026

"we're more than a car club, we are a family"

For the fifth year in a row, AMAC took home the first place award in the club display competition. Kudos to our World of Wheels design & build team!

NICE WORK TEAM!

President's report A.K.A.

The Thomson Tribune

Summer is here, bright and clear.

The sun is shining, skies are near.

Ice cream treats, so cool and sweet.

Running barefoot, feel the heat!
Splash in the pool,

Have some fun.

Laugh and play, under the sun.

Flowers bloom, and birds sing high.

Summers the time to reach the sky!

Author unknown, full credit given though! (I can poet when asked upon, but not to that level)

Too bad it's not true. Sorry Legends, trying to launch this April newsletter and summer 2026 kick-off in a totally upbeat sort of way, only to have another special weather statement regarding a heavy snowfall that is supposed to commence at 12:05 am this evening.

I get it, we live in the Great White North and this is not unusual and probably applauded by more than those that dread it. We need moisture, it's dry out

there, reservoirs need the reserve, and let's not factor out the whole water treatment, and restrictions we currently have in place.

But, I just want to get my car out of the garage!

I promise I won't wash it for at least a day or two. Sincerely!

All joking aside, we are on the cusp of driving season, and I can't be more excited! There is a full schedule already and we haven't even got to the busy part yet.

First up will be National Mustang Day, celebrated on April 17th of every year, honouring the launch date of the first-generation Mustang back in 1964. 62 years! Wow.

AMAC is celebrating this special day on Saturday April 18th (cuz weekends are better!) with a meet and greet, coffee and donuts at Metro Ford at 9 am. At approximately 10 am, we will be departing on an epic drive organized by Vince, with our destination being Springbank Park where we will all gather for eats and libations. Heard there may be some special menu items on tap as well. Snow out day will follow on the following weekend,

April 25th if required. Look for an email coming out soon for additional information! We have 49 of the special edition "Mystic" window clings for all those that attend, and we will be conducting some SVAA safety checks that day as well! Keep your fingers crossed the weather gods help us out and 91 or 93 octane is less that \$2 a litre.

As you all will know, the 58th annual World of Wheels was just held this last weekend at the BMO centre, and I hope that you all were able to come out and see the epic Legends Diner display on with the 7 epic cars in attendance. Two of the vehicles supplied were newer members, and we all thank you for your commitment. (And thanks to you as well Gord!) All the cars received some hardware, shining above all to the judges. Once again, AMAC took the club challenge crown, even though Drumheller took a good shot with that cool animated dinosaur display. Many kudos to them, and I hope we see them again! Many thanks to Jim, Doug, Russ, Kevin, Randy, Chris, Gary and all the others that dedicated their many hours, space, and commendable efforts to make the idea come to reality!

Continued...

The Thomson Tribune continued...

Considering it snowed three hours before load in time, and started snowing an hour before load out time, this shows true dedication folks, and we all owe you a bow!

Spring Fling will be coming up mid-May, being held up North this year. Be sure to secure your tickets soon as we anticipate it will sell out long before the deadline date. As usual, it will be an epic launch to the driving season!

The 42nd annual Presidential Show and Shine will be hosted July 18th this year, the week following the greatest show on earth. Once again being hosted in Legacy Township in conjunction with Royop Developments. Historically, the year following

an "iffy" weather forecast is followed by one of epic proportions, so be sure to save the date, location, and sunscreen! We will be following a slightly simpler format this year that will not entail a massive organizational operation but will ensure all participants still have an amazing day. I'm so excited! Look forward to emails, posters and details coming out in the next few months. Seems far away looking out the window now, but it's really not! Al Fletcher - no camping that weekend, you promised! lol

So it may be news to some, or old business to others, but AMAC will be assisting Branch 285 of the RCL in the 6th annual Hoods on Horton show being held on Sunday Aug 23. This is a huge operation, as those that have been there in the past know and understand. A special

HoHo (hoods on Horton organization, lol) committee has been established and they are working tirelessly to ensure its continued success. I'm kinda thinking this year will be bigger than ever! Watch for emails coming out with updates as we get closer to the date, and once again mark your calendars! If you are interested in helping out in an even bigger way, do not hesitate to contact me or any member of our executive and we can make that happen.

So, it's only 4 degrees in my garage without my heater running, but I have some liquid courage out there, so we're going to twist some wrenches and cleaning in preparation of T-minus 17 days.....and counting. %#* up, tails down as they say!

Later, but soon Legends!

Scott

AMAC Brunches

Second Saturday each month

10 am

**Winter Bunches will be held at
The Cactus Lounge**

Please note that finding a spot without a guaranteed number of attendees is not easy, and 40-50 people all seated at the same time can be challenging for any restaurant.

Please be patient and expect brunch to take a couple of hours!

Wright Restyling provides solutions to anything inside the door handles of any vehicle. We design and install Katzkin leather interiors with custom embroidered logos. We design, install and tune small to large audio systems. Integration to factory systems has become very important in today's tech rich vehicles. Our team is able to retain key factory systems, remove factory audio filters and provide a clean unfiltered baseline for audio upgrades. We can custom build sub boxes, consoles, door panels and speaker panels. With these services blended together, Wright Restyling can upgrade an entire interior with any of the desired comfort features available.

Feature upgrades available: Heated / cooled seats, remote starters, GPS tracking, laser and radar defence, interior lighting, blind spot, backup cameras, parking sensors, 3D printed custom panels, CNC aluminum and ACM.
